

TRESCO PODCAST

For the past few months we have been working successfully on the release of our “Let’s Talk Tresco” podcast, where twice a month we share all the amazing work Tresco is doing in the communities we serve.

We have partnered with Mesilla Valley News and Adams Radio Group and went live in November. Chris Boston kicked off the series with a welcome and overview of our mission. Ken Adcock talked about Tresco Works and the benefits of veterans joining our team. Analisa Martinez celebrated the importance of caregivers, and Michael Armendariz showcased the impact of our Tots and DayOne programs.

You can view these shows on the Tresco Inc or Mesilla Valley News Facebook pages or our website at www.trescoinc.org Keep on the lookout for our next “Let’s Talk Tresco”!

LAS CRUCES CIVITAN CHRISTMAS DONATION!

Tresco received a wonderful Christmas donation of toys for our Children's program from the Las Cruces Civitan Club. The Las Cruces Civitan Club promotes good citizenship and patriotism. This is a group of men and women who offer their hearts and hands to support community services, especially for people with developmental disabilities, for veterans and those currently serving.

TRESCO WAREHOUSE

The Tresco Warehouse is located at 351 N. 17th Street and set to receive inventory and become operational on or about January 17, 2022. Esteban Reyes is the newest member of our warehouse team and he will be organizing, counting, recording material, and ensuring orders are processed correctly and promptly.

The Warehouse Project was indeed a total Tresco Team effort. The Facilities Team, Willie Washburn, Frank Sanchez, Fernie Valles, and Danny Dominguez under Ernie Salinas, etched, scrubbed, and made the floor ready for several coats of epoxy. They also constructed two office spaces and bolted the pallet racks to the floor.

The Highways Team, Les Clary, Bobby Bertoldo, Eric Torres, Josh Halteman, and Tim Schoeppner, led by Paul Bason and Pablo Herrea, Construction Manager, undertook the enormous task of relocating and sorting inventory previously kept in Building 3.

Apologies to anyone Pete may have forgotten to mention, as stated earlier, this was definitely a Tresco Team effort. Thank you to all involved. Please feel free to contact Pete Jimenez, 575 528 2200 ext. 4001 if there are any questions or comments.

TRESCO CELEBRATED NATIONAL DISABILITY EMPLOYMENT AWARENESS MONTH

Tresco celebrated National Disability Employment Awareness Month (NDEAM) in October. We kicked off the month with Las Cruces Mayor Ken Miyagishima, and the City Councilors recognizing our mission with the reading of a proclamation in support of NDEAM, being an inclusive employer, and celebrating the varied contributions of workers with disabilities. Later we hosted a business breakfast with community leaders and members highlighting our workforce, sharing the positive impact each of them make in our communities, workplaces and the overall economy. Les Clarey and Lydia Hernandez were our guest speakers and shared their journey being part of the Tresco Team. Our social media platforms shared various information about NDEAM and showcased some of our team members. Even though NDEAM is honored in October we live up to its importance each and every day.
