SUCCESS SPOTLIGHT: GREAT THINGS START WITH AN OPPORTUNITY!

Jacob Clark Rigales attended Tresco's Work Bound Program in cooperation with Las Cruces Public School District, the hands on 10-week training program at our Custodial Contract at White Sands Missile Range, this spring. The program started March 28, 2023 and wrapped up on June 1, 2023. Jacob was presented with a Certification of Completion. As he progressed through the program, he made improvements in his attention to detail, learning and mastering janitorial tasks, and building positive relationships and interactions with supervisors and co-workers.

We are proud to announce that after completing the Work Bound Program, Jacob has applied for a position with Tresco. He has completed the interview process and was hired as a Custodian at Tresco's White Sands Missile Range Custodial Contract. We look forward to Jacob joining our Tresco Team and we are happy to see him continue to grow and apply the skills learned during his time in Tresco's Work Bound Program.

BASKETBALL IN THE BARRIO

Tresco was proud to support the 31st Annual Basketball in the Barrio. This is a great camp that provides opportunities for children ages 5-11 from Segundo Barrio and Chamizal neighborhoods in El Paso, Texas to gain leadership, literacy and basketball skills. This year the camp welcomed guest coach and gun violence survivor, Shawn Harrington.

Our mission has been making an impact throughout the state of New Mexico for 55 years! It was great to hear from these two amazing female leaders talk Tresco!

PROVIDING OPPORTUNITIES

Analisa Martinez, Tresco Works Senior Assistant Director, shared with our listeners about the amazing new partnership with Tresco Works and Las Cruces Public Schools Bridge program. WORKING TOGETHER TO CREATE BRIGHT FUTURES!

Working together to help others learn and grow is a win for all! That is what our partnership with the Las Cruces Public Schools Bridge program will do. Our team welcomed two students to our Tresco Works White Sands Missile Range custodial team. They worked 15 hours per week learning new skills, gaining experience and are on the path of upward mobility in the workforce.

It was an honor to be part of the Las Cruces Public School Bridge Program Partner Recognition Luncheon held on April 20th. The Bridge Program is a collaborative effort with the local high schools and various business to help young adults 18 -21 years old with disabilities to realize their potential and live a meaningful life.

Thank you Las Cruces Public Schools Bridge Program for letting us be part of your mission!

WHAT'S HAPPENING AT THE WAREHOUSE?

The Tresco Warehouse team is growing, welcome Gil Rayos and Javier Carpio! It has been a busy quarter completing a full inventory of items in the warehouse to make sure all records are accurate. With the generous efforts of Tresco team members, we donated over 200 pounds of non-perishable food items to Salvation Army – way to go! Hope we can beat that amount with our second quarter food drive. Thank you ALL for your support and participation.
